Current and/or historical medical school

ENHANCED SECTION IN 2022

US medical school information is verified directly from the school. In some instances, a medical school will designate the National Student Clearinghouse (NSC) as its verification agent. Instances of verification by NSC are indicated on an AMA Profile when applicable.

On the profile, **enrollment date** is understood to mean the date a student begins a pre-matriculation program, attends orientation immediately preceding enrollment, or becomes enrolled in classes at a medical school. **Degree date** is understood to mean the date a physician is awarded his/her degree upon completion of the degree program. When provided by the primary source, a month is also included for these two dates. Date information provided by primary sources does vary. Enrollment date for international medical graduates is not reported to AMA.

Current and/or historical ACGME-accredited graduate medical training programs

This section's data is sourced only from training programs accredited by the Accreditation Council for Graduate Medical Education (ACGME) as part of the National Graduate Medical Education Census. Program name is only reported for training received in 2010 and later. Training types are identified as specialty (residency) or subspecialty (fellowship) only for training received in 2016 and later.

The AMA Profile does not include non-ACGME accredited training programs, and the absence of such does not necessarily indicate a gap in training.

Training performed in Canada or at an accredited US osteopathic institution is updated only upon verification by the program. US licensing authorities accept GME from both entities as equivalent to training performed at an ACGME-accredited program.

Verification of training status may be indicated in one of four ways. **Completed** indicates that the training has been completed in its entirety and verified with the program. **Training in Progress** indicates the training has a future completion date and is verified as in progress. **Verification of Completion in Progress** indicates the training has a past completion date and was verified as in progress but the program has not yet verified completion. **Partially Completed** indicates the training is verified as partially completed but the physician either changed programs or did not complete the training.

Specialty board certification

This section provides specialty board certification data specific to one or more of the 24 boards recognized by the American Board of Medical Specialties (ABMS) and the AMA (through the Liaison Committee on Specialty Boards) as reported by the ABMS.

The AMA Physician Profile has been designated by the ABMS as an Official ABMS Display Agent of Member Board Certification data. Therefore, the ABMS Board Certification information on the AMA Physician Profile is considered a designated equivalent source in regard to credentialing standards set forth by Joint Commission. The AMA is also an NCQA-approved source for verification of medical school, postgraduate medical training, ABMS Board certification, and Federal DEA registration.

Profile information

The content of the AMA Physician Profile is intended to assist with credentialing. An organization's appropriate use of the data contained in the AMA Physician Masterfile meets select primary source verification requirements of the Joint Commission, the Accreditation Association for Ambulatory Health Care (AAAHC) and the American Accreditation Health Care Commission (AAHCC)/Utilization Review Accreditation Commission (URAC). The AMA Physician Masterfile is also an NCQA-approved source for verification of medical school, post-graduate medical training, ABMS Board Certification and federal DEA registration.

If any of the data in this Profile is believed to be incorrect, please log in to your account on AMA Profiles Hub, go to the "Profile Manager" tab, find the clinician for whom you think we have inaccurate information and click on the "Report" button in the "Report a Discrepancy" column. Enter any of the information that you feel needs to be researched. The AMA will contact the primary source of the data to determine which data is correct. We will notify you of the outcome of our research. If any changes are made to the profile, the link in the "Profile Manager" tab will be updated for this clinician so that you can access the new information.

If you have any questions or need additional information about AMA Profiles, please call (800) 665-2882.
