

Request Your Profile Be Sent to a Medical Licensing Board

This quick guide explains how physicians may request their AMA Initial Profile be sent to a licensing board.

1. Sign in.

A purple rectangular button with the text "Sign in" in white.

Use your established AMA account log-in credentials to sign in to [AMA Profiles Hub](#). If you do not have an AMA account, you may create one by clicking the “Create an account” link.

2. Choose your board.

License Board

Your AMA Physician Profile can be sent to any of the 67 state licensing jurisdictions. Please select the appropriate board from the menu list. Some states maintain separate allopathic (MD) and osteopathic (DO) boards and in these cases there will be two separate state listings (i.e., AZ-MD and AZ-DO).

Select a License Board \$40.00 [Add to Cart](#)

Within the “My Profile” tab, go to the License Board section and use the drop-down menu to select the license board to which AMA should send your Initial Physician Profile. Complete your selection by clicking the “Add to Cart” button.

Quick Tip: After clicking the “Add to Cart” button, you may select another board and add that to the cart as well. There is no limit on how many boards you may add in one single order.

3. Complete your order.

A screenshot of the AMA Profiles Hub user interface. At the top, there is a navigation bar with the user's name "Dr. Jane Sample", a dropdown menu for "Your Account", "Example Hospital", "Store Cart [0]", and "Profile Cart [1]". Below this is the AMA logo and the text "AMERICAN MEDICAL ASSOCIATION" and "Manage my account". At the bottom, there are three buttons: "Profile Manager", "Discrepancies", and "Account Activity".

Click the “Profile Cart” at top right of the screen to be directed to the “Shopping Cart” where you will complete the billing and order review process before submitting your order.

A member of our Team will quickly and securely deliver your Profile to the board you indicated within two business days of your order.
