

AMA Physician Profile Self-Inquiry

Information in this document reflects the most current information recorded within the AMA Physician Professional Data™, formerly known as AMA Physician Masterfile. This self-inquiry profile is provided to you as a means to review the information that may be provided to AMA-vetted organizations that have been authorized by you to verify your credentials for the purpose of licensing, credentialing, or payer enrollment. You may also find the information provided in this document helpful as you complete an application for employment, privileges, or licensing.

If you believe any information on this self-inquiry profile to be in error or omitted, please log into your [AMA Profiles Hub account](#) and submit a discrepancy investigation request (see [how-to guide](#)). The majority of data contained in a self-inquiry profile is obtained from primary sources. AMA must verify any changes provided in your discrepancy request with the primary source before a change can be made to your profile. Some additional items to be aware of:

- A **change to name or birth date** requires legal documentation ([click for more information](#)).
- Investigation into school or training data may require you to complete an AMA release of information form.
- Foreign training or non-ACGME accredited program information are neither collected nor maintained in the AMA Physician Professional Data.

After you have reviewed your self-inquiry profile, you may request to have your official AMA Initial Physician Profile delivered to a medical licensing board via the AMA Profiles Hub (see [how-to guide](#)). It is a best practice to review your self-inquiry profile and await resolution on any discrepancy investigation requests you have submitted prior to requesting your profile be delivered to a medical licensing board.

Organizations who have received your authorization to verify your credentials may receive a copy of your official Profile by signing into their approved AMA Profiles Hub account or calling (800) 665-2882. (Please note that medical education number and email address are only displayed on this AMA Physician Profile Self-Inquiry; they do not appear on AMA Profiles accessed by organizations.)

Current and/or historical medical school

US medical school information is verified directly from the school. In some instances, a medical school will designate the National Student Clearinghouse (NSC) as its verification agent. Instances of verification by NSC are indicated on an AMA Profile when applicable.

*On the profile, **enrollment date** is understood to mean the date a student begins a pre-matriculation program, attends orientation immediately preceding enrollment, or becomes enrolled in classes at a medical school. **Degree date** is understood to mean the date a physician is awarded his/her degree upon completion of the degree program. When provided by the primary source, a month is also included for these two dates. Date information provided by primary sources does vary. Enrollment date for international medical graduates is not reported to AMA.*

Current and/or historical ACGME-accredited graduate medical training programs

This section's data is sourced only from training programs accredited by the Accreditation Council for Graduate Medical Education (ACGME) as part of the National Graduate Medical Education Census. Program name is only reported for training received in 2010 and later. Training types are identified as specialty (residency) or subspecialty (fellowship) only for training received in 2016 and later.

The AMA Profile does not include non-ACGME accredited training programs, and the absence of such does not necessarily indicate a gap in training.

Training performed in Canada or at an accredited US osteopathic institution is updated only upon verification by the program. US licensing authorities accept GME from both entities as equivalent to training performed at an ACGME-accredited program.

*Verification of training status may be indicated in one of four ways. **Completed** indicates that the training has been completed in its entirety and verified with the program. **Training in Progress** indicates the training has a future completion date and is verified as in progress. **Verification of Completion in Progress** indicates the training has a past completion date and was verified as in progress but the program has not yet verified completion. **Partially Completed** indicates the training is verified as partially completed but the physician either changed programs or did not complete the training.*

Specialty board certification

This section provides specialty board certification data specific to one or more of the 24 boards recognized by the American Board of Medical Specialties (ABMS) and the AMA (through the Liaison Committee on Specialty Boards) as reported by the ABMS.

The AMA Physician Profile has been designated by the ABMS as an Official ABMS Display Agent of Member Board Certification data. Therefore, the ABMS Board Certification information on the AMA Physician Profile is considered a designated equivalent source in regard to credentialing standards set forth by Joint Commission. The AMA is also an NCQA-approved source for verification of medical school, postgraduate medical training, ABMS Board certification, and Federal DEA registration.

Profile Information

The content of the AMA Physician Profile is for credentialing use only. The content cannot be used or assembled for an employment purpose as defined under the Fair Credit Reporting Act. An organization's appropriate use of the data contained in the AMA Physician Professional Data™, formerly known as AMA Physician Masterfile, meets select primary source verification requirements of the Joint Commission, the Accreditation Association for Ambulatory Health Care (AAAHC) and the American Accreditation Health Care Commission (AAHCC)/ Utilization Review Accreditation Commission (URAC). The AMA Physician Professional Data is also an NCQA-approved source for verification of medical school, post-graduate medical training, ABMS Board Certification and federal DEA registration.

If any of the data in this AMA Physician Profile Self-Inquiry is believed to be incorrect, please log in to AMA Profiles Hub, go to the "Order History" tab, find your latest Self-Inquiry order, and click on the "Report" button in the "Report a Discrepancy" column. Enter the information that you feel needs to be researched. The AMA will contact the primary source of the data to determine which data is correct. We will notify you of the outcome of our research.

If you have any questions or need additional information about AMA Profiles, please call (800) 665-2882.
